How much would that improve your Return on Investment???

*So much, my financial calculator can't even generate the answer. . .*

Just the other day, Premier Member **Eric Gelb** called me—remember, he's the former accountant from New York who used Dan Kennedy's Wealth-Building Techniques to put \$7,367.16 in his pocket.

With Dan's straightforward, common sense ideas, Eric got the confidence and know-how to ask his landlord for a reduction in his rent. Bingo! Pay DAY!

If that wasn't enough reward for Membership, Eric told me he wanted his Mastermind Book of the Month Club membership for FREE.

I snapped, "Are YOU NUTS?"

But then, I got to thinking, maybe Eric's request wasn't so crazy after all.

Hey, I'm the first guy to negotiate a better deal for myself, especially in my real estate investing business, and Eric was doing the same thing—trying to grab a better deal for himself.

**I Can't. . .**

*fault a guy for that. . .*
